

13th International Research Symposium in Service Management (2025)

New Frontiers in Service Research: Excellence for Sustainability in the Age of AI

IRSSM 13 – Ambre Resort, Mauritius 15th to 18th July 2025

The International Research Symposium in Service Management (IRSSM 13) with the theme **“New Frontiers in Service Research: Excellence for Sustainability in the Age of AI,”** explores innovative approaches to achieving sustainable service excellence by focusing on the transformative potential of AI advancements in the service industry. While the symposium prioritizes submissions aligned with this theme, we welcome other ideas aiming at fostering a broader exchange of knowledge and perspectives in service research. The annual symposium brings together scholars, professionals and practitioners from various disciplines and countries and provides them with a unique forum for sharing the latest theories and practices prevalent in the service economies.
